Sea Islands Hunger Awareness Foundation

Fighting Island Hunger One Meal At A Time

Welcome to the Sea Islands Hunger Awareness Foundation's Second Annual Gullah Celebration to Fight Island Hunger.

The Foundation includes organizations and volunteers from Johns, Wadmalaw, Kiawah and Seabrook Islands working together to improve the lives of their neighbors who have difficulty providing the basics of everyday living - specifically food and water.

Your participation today is so important to our mission which is "Fighting Island Hunger One Meal at a Time." Enjoy the Lowcountry Voices, taste delicious Gullah Cuisine catered by the Stono Market & Tomato Shed Café and drink the wine/beer. Please visit our silent auction featuring Sweetgrass baskets, Jewelry and Art by local artists and much more!

All proceeds go to fight island hunger!

**Thank you for so much for coming
to this event so that we may achieve our goal.**

Sea Islands Water Wellness Mission

For most of us, household water is so readily available that we barely think about it. We take for granted our access to potable water and modern sanitation. We simply assume that everyone in our community has access to these basic necessities. *Sadly, this is not the case in some homes on the Sea Islands.*

The Need: In our coastal environment, there are many issues that contribute to a lack of safe and clean water:

-FAILING OLD WELLS WITH RUSTY PIPES

-SALT WATER INTRUSION

-HIGH IRON/SULPHUR CONTENT

-LACK OF AN EFFECTIVE SEPTIC SYSTEM

These cause health concerns for families and are especially problematic for the elderly, pregnant women, infants, and young children. And some of these families simply cannot afford to get their wells fixed.

Our Goal: To provide clean, safe water to those in need by providing for the repair or replacement of affected wells, connecting a source of running water, and or installing a filtration system.

How It Works: A licensed water/well contractor and a member of the Foundation will visit the family, assess the need and provide a plan to the Foundation to improve the water service. The Foundation will pay the contractor directly. No funds will go to the recipient and they will not be asked to pay for any portion of the approved work. The Foundation will assist as many residents as funds allow. *There is already a waiting list of families who need help!*

Get Involved: To learn how you may become a part of this vital local project please contact:
